Former Immigration Judge, Taron Puri, B.A., LL.B is widely sought after for his ability to awaken and ignite within each individual a deep knowing that each of us carries a unique gift which, when identified, explored and developed, brings great value and meaning to all that we do. As a 'catalyst' for positive change, Taron is **the** essential ingredient which stimulates and accelerates change while itself remaining neutral. Deeply insightful, highly perceptive and profoundly real, Taron's expertise in the realms of Human Potential, Health and Wellness and Personal and Professional Growth Strategies, makes him a valuable asset to individuals and organizations which seek to go from good, to GREAT!.
